

LANDSCAPE MAINTENANCE
SERVICES

We maintain entire exterior home and business properties in all four seasons.

Our team of professionals is trained and certified in horticulture, turfgrass management, and landscape care. We're available to take care of any part of your outdoor lifestyle, from lawn maintenance to full landcare solutions.

Our maintenance services include:

- Spring Clean-Ups & Mulching
- Landscape Detail & Maintenance
- Pruning & Plant Care
- Lawn Care, Aeration & Seeding
- Mowing
- Fall & Leaf Clean-Up
- Snow Removal & Ice Control

We also take care of the specialized areas of your landscape:

- Annual Flower Planting & Garden Services
- Seasonal Containers
- Irrigation Systems
- Water Features
- Landscape Lighting
- Fire Pits & Outdoor Living Spaces
- Party Preparations & Clean-Up

We are here for you. Our dedicated staff will keep you informed of any recommendations that could protect the investment you make in your home or business.

YEAR-ROUND MAINTENANCE

Sun Valley Landscaping's comprehensive maintenance services are designed to give you more time to enjoy being outdoors. We offer premium services, all year round, for the entire grounds of your home or business. From lawn care to landscape maintenance to snow removal, we have a plan that can fit your needs.

FREE ESTIMATES

Visit sunvalleyomaha.com or call 402-932-5704 for your free estimate!

FLAT RATE PROGRAMS

Many **years of experience** have helped us to develop a series of flat rate solutions that best fit the needs of our clients. We offer year-round maintenance solutions that are tailored specifically to your outdoor space, with one easy monthly rate.

FERTILIZER+ 8 months

We have developed our all-encompassing lawn care program around the recommendations and best practices of the University of Nebraska's turf research. The *Fertilizer+* program consists of everything you need to promote a healthy, **green lawn all season**. The program includes our 6-step fertilizer & weed control plan with a fall aeration and over-seeding at a flat monthly rate. You will also receive free nutsedge treatments, free call backs and unlimited lawn analysis backed by our staff Certified Turfgrass Professional.

LAWN MAINTENANCE 8 months

This program takes care of **everything related to your lawn**. You will receive all the benefits of the *Fertilizer+* services in addition to professional mowing and lawn cleanup services with an eye for the details. Weekly mowing services include edging, trimming and blowing off your entire property. In the spring and fall we will clean up debris and leave your lawn spotless.

LANDCARE 8 months

For the person who wants to spend time enjoying their outdoor space instead of maintaining it, our comprehensive Landcare program takes care of **everything in your lawn and landscape**. In addition to the *Fertilizer+* and *Lawn Maintenance* services, you will also receive regular landscape detail visits to maintain your beds, plants and outdoor spaces all season. In the spring, our crews will thoroughly clean, edge and prepare your beds for the season ahead. In the fall we will leave your property tidy and ready for winter.

YEAR-ROUND LANDCARE 12 months

Put away your shovel this winter and let us **take care of your property all year long**. We provide snow removal services with our *Year-Round Landcare* program. Enjoy all of the benefits of the *Fertilizer+*, *Lawn Maintenance*, and *Landcare* programs above with snow removal services added throughout the winter. This plan splits your entire year's services into 12 flat monthly payments.

	Fertilizer+	Lawn Maintenance	Landcare	Year-Round Landcare
6-Step Fertilizer	✓	✓	✓	✓
Lawn Aeration	✓	✓	✓	✓
Lawn Overseeding	✓	✓	✓	✓
